Job Title: Environmental Services Technician (Manufacturing Company)

Job Description: Environmental Services Technician – Level II (CNC & Die Cast)

Location: Dyersville, IA

Job Type: Full-Time

Pay: (based on experience)

Sign-On Bonus: \$1,000

We are hiring an Environmental Services Technician – Level II to support environmental compliance, waste management, and housekeeping operations in a CNC machining and die cast manufacturing environment. This role works independently on the production floor and plays a critical role in maintaining environmental, safety, and housekeeping standards across both CNC and die cast operations.

Essential Duties:

- Manage waste streams from CNC machining and die cast operations, including aluminum and brass scrap, chips, dross, oils, coolants, lubricants, filters, and absorbents.

- Maintain waste manifests, inspection logs, and environmental documentation.
- Conduct routine inspections of waste storage areas, coolant collection areas, secondary containment, and outdoor storage.
- Coordinate waste pickups with approved vendors.
- Lead initial spill response activities involving oils, coolants, or chemicals per training and procedures.
- Maintain housekeeping and 5S standards in CNC cells, die cast cells, furnace areas, and support areas.
- Support recycling, waste reduction, and sustainability initiatives.
- Identify opportunities to improve environmental compliance and reduce waste disposal costs.

Qualifications: Required:

- High school diploma or GED.
- 1-2 years of manufacturing or industrial experience.
- Experience handling industrial waste, oils, coolants, or machining by-products.
- Ability to work independently with minimal supervision.
- Strong safety mindset and attention to detail.
- Ability to lift up to 50 lbs and work in a manufacturing environment.

Preferred:

- CNC machining and/or die cast manufacturing experience.
- Hazardous waste handling experience.
- Forklift certification or ability to obtain.
- Basic computer skills for recordkeeping and documentation.

Work Environment

CNC machining and die cast manufacturing environment with exposure to heat, noise, dust, oils, coolants, and fumes. Required use of PPE including safety glasses, gloves, hearing protection, and steel-toe footwear. Overtime as needed.

Perks: Signing Bonus, On-site training, Age Minimum, Education Reimbursement, Other Perks

Explain you checked perks above: Benefits

- \$1,000 sign-on bonus (paid per company policy).
- Competitive pay and benefits package.
- Stable manufacturing environment.
- Opportunities for growth and advancement.

Job Type: Full-time

Benefits:

401(k) matching

Dental insurance

Paid time off

Tuition reimbursement

How do interested candidates apply:: Please apply on our website at Dyersvillediecast.com - under the "careers" tab.
